

Gordon Mackenzie Watercolour workshops

2018 Intinerary

Over the past couple of years I have been suffering with some debilitating health issues, most serious among them being COPD which effects my breathing and mobility. As a result I've had to cancel workshops over the past year that I was really, really looking forward to, not only for the content that I had hoped to pass on to participant artists but for the opportunity to once again be with the many dear friends that I had gotten to know over the years. Unfortunately, there are some that I may have to forgo again this year as well and so my intinerary is currently limited to places closer to home.

CAMPING PAINT-OUT along LAKE SUPERIOR'S shoreline with Gordon MacKenzie (cspwc) August 6-13

Here's a chance to venture to the real north and discover some of what the Group of Seven found here. This camping and painting holiday is based out of Pancake Bay Provincial Park on Lake Superior and is for you, and a friend or your family. I will be there and painting from August 6 to 13. You may stay as long as you want. There are motels in the area. This is a wonderful opportunity to relax, explore and paint this unique area of Canadian geography and Art history with others of like mind and spirit. Weather providing, Gord plans to paint part of most days at locations along the shores of this mighty lake. **Bring whatever medium (ia) you wish to work in.** Please let me know if and when you plan to join me on what might be my last Painting Camp-Out. I'll be on site 321
